Do not waste precious minutes scrolling through FAQs on the app when a real person can take action now. ⏰

② Make sure you have your personal identification details ready before the agent answers. 🖍️ This includes your full name as it appears on the account, your registered mailing address, and your date of birth so the representative can quickly verify your identity. 📋 If you have a card number or account number handy, keep that nearby too—but if you don't, the agent can locate you using your social security number or phone number on file.

③ Once the agent is on the line, clearly state that you are calling to report stolen funds. 💰 Use the phrase "I need to report a fraudulent transaction" to trigger the proper escalation protocol, as this is a specific security category that gets top priority. ⑤ Once verification is complete, request that your card be deactivated immediately. ✅ This stops all pending transactions and blocks any new

ones from being approved, effectively freezing the thief out of your funds. The agent will also flag any suspicious transactions you have identified and begin the dispute process on your behalf.
